

§ 1919.3

29 CFR Ch. XVII (7–1–06 Edition)

(4) *Bulk cargo sucker* means a pneumatic conveyor which utilizes a spoutlike device, which may be adjustable vertically and/or laterally, and which is suspended over a vessel from some overhead structure by wire rope or other means. An example of an installation of this nature is the “grain sucker” used to discharge grain from barges.

(d) *Assistant Secretary* means the Assistant Secretary of Labor for Occupational Safety and Health, U.S. Department of Labor, or his authorized representative.

(e) *Administration* means the Occupational Safety and Health Administration, U.S. Department of Labor.

(f) *Person* includes any individual, partnership, corporation, agency, association, or organization.

(g) *Competent person* means:

(1) An individual qualified to perform gear certification functions with respect to vessels’ cargo handling gear, as specifically set forth in § 1919.37.

(2) An individual qualified under the provisions of subparts F and G of this part to perform gear certification functions with respect to shore-based material handling devices.

(h) *Ton* means a ton of 2,240 pounds when applied to vessels’ cargo handling gear, and a ton of 2,000 pounds when applied to shore-based material handling devices or to shore-type cranes permanently mounted aboard barges or other vessels employed in domestic trade and designed on the basis of the 2,000-pound ton. Capacity ratings may be stated in pounds.

(i) *Nondestructive examination* means examination of structure or parts by electronic, ultrasonic, or other non-destructive examination suitable for the purpose.

Subpart B—Procedure Governing Accreditation

§ 1919.3 Application for accreditation.

(a) *Application*. Any person seeking accreditation shall file an original and duplicate copy of an application for accreditation with the Assistant Secretary of Labor for Occupational Safety and Health, United States Department of Labor, Washington, D.C. 20210, on a form provided by the Administra-

tion for this purpose. Each application shall be signed and certified by the applicant and, if the applicant is an agency or organization, by a responsible officer of such agency or organization.

(b) *Contents of application*. The application form shall include the following information:

(1) A statement detailing the applicable types of work performed by the applicant in the past, noting the amount and extent of such work performed within the previous three years, listing representative vessels involved, and including representative job orders, if available, or equivalent evidence;

(2) Descriptive details concerning any testing instruments and heat treatment furnaces which are to be used in conducting required tests or heat treatments. Test reports indicating that instruments meet the accuracy standards set forth in this part shall be included;

(3) A list setting forth the ports in which applicant currently conducts his business as well as those in which he proposes to conduct gear certification activities;

(4) A list of the applicant’s responsible qualified personnel, both supervisory and managerial and including any surveyors, with resumes of their individual experience in the testing, examination, inspection and heat treatment of cargo gear. Such list shall include any branch office personnel or surveyors appointed to act in the applicant’s behalf in any of the ports of the United States: *Provided, however*, That where the submission of individual resumes would be unduly burdensome because of the large number of persons engaged in the applicant’s behalf, the applicant, after stating this fact, need only submit a list of its personnel together with a detailed statement of the qualifications upon which the appointment of surveyors is based;

(5) A detailed schedule of the fees proposed to be charged for the various gear certification services;

(6) Evidence of financial stability;

(7) Names of at least three business references who will furnish information regarding work performed by applicant;

(8) Any additional information the applicant deems to be pertinent.

(Section 1919.3 contains a collection of information which has been approved by the Office of Management and Budget under OMB Control No. 1218-0003)

[39 FR 22096, June 19, 1974, as amended at 61 FR 5509, Feb. 13, 1996]

§ 1919.4 Action upon application.

(a) Upon receipt of an application for accreditation, the Assistant Secretary shall approve or deny the application. The Assistant Secretary may conduct an investigation, which may include a hearing, prior to approving or denying an application. To the extent he deems appropriate, the Assistant Secretary may provide an opportunity to other interested persons to present data and views on the application prior to approval or denial.

(b) Any application which fails to present the information required by the prescribed form may be returned to the applicant with a notation of deficiencies and without prejudice to submission of a new or revised application.

(c) If the application is approved, notice of approval shall be mailed to the applicant. If the application is denied, notice of such denial shall be mailed to the applicant and such denial shall be without prejudice to any subsequent application except where such action is deemed to be in the public interest. In the event an application is denied with prejudice, the provisions of § 1919.9 shall be applicable.

(d) A copy of the notice of accreditation shall be kept on file by applicant at the applicant's place of business.

§ 1919.5 Duration and renewal of accreditation.

The period of accreditation shall not exceed three years. Applications for renewal of accreditation shall be made on the same form as described in § 1919.3. No accreditation shall expire until action on an application for renewal shall have been finally determined, provided that such application has been properly executed in accordance with § 1919.3 and filed with and received by the Assistant Secretary not less than 15 nor more than 60 days prior to the expiration date. A final determination means either the approval or

initial denial of the application for renewal. The procedure specified in § 1919.4 shall be applicable to all applications for renewal.

§ 1919.6 Criteria governing accreditation to certificate vessels' cargo gear.

(a)(1) A person applying for accreditation to issue registers and pertinent certificates, to maintain registers and appropriate records, and to conduct initial, annual and quadrennial surveys shall not be accredited unless he is engaged in one or more of the following activities:

- (i) Classification of vessels;
- (ii) Certification of vessels' cargo gear;
- (iii) Shipbuilding or ship repairing, or both insofar as related to work on vessels' cargo handling gear;
- (iv) Unit and loose gear testing of vessels' cargo handling gear.

(2) Applicants for accreditation under paragraph (a)(1) of this section for operations in coastal or Great Lakes ports who come within paragraph (a)(1) (ii) or (iv) shall not be accredited unless they conduct at least 1,500 hours of cargo gear certification work per year.

(b) A person applying for accreditation to carry out tests of loose gear or wire rope, or both, or to carry out heat treatments, and to issue the related certificates, shall be engaged in one or both of the following activities:

- (1) Testing of loose gear or wire rope, or both;
- (2) Heat treatment of chains and loose cargo gear.

(c)(1) A person applying for accreditation shall be staffed by individuals technically qualified to conduct the inspections and examinations and to conduct or supervise tests and heat treatments prescribed in this part. Any representatives, agents or surveyors acting on behalf of a person applying for accreditation in ports in which such operations are conducted shall be similarly qualified.

(2) Accreditation to conduct such nondestructive examination as may be a part of any certification activity may be granted to applicants found competent and equipped to carry out this activity.
